Highways Maintenance**

Huntingdon Highways Depot
Box no. D8E
Stanton Way
Huntingdon
PE29 6PY

Dear Sir or Madam,

Springfield Close, Buckden

I am writing to advise you of carriageway Cracksealing works that will be taking place very shortly; in order to facilitate essential highway maintenance.

At the time of this letter, currently commencing on Monday 17th January 2022 for approximately two days (weather permitting).

Whilst the work is in progress, during operational hours, the road may be subject to delays from 8am to 4pm, and vehicular access may be restricted.

In order for the contractor to complete the work with minimum disruption, it is essential that no vehicles are parked on the road. If you have particular access requirements, please speak to a member of the crew onsite who will be able to assist.

Access to properties within the road will be possible, but are subject to working conditions, and delays are to be expected. **Crews will be working in accordance with Covid 19 guidelines.**

These works are weather dependent, and changes this time of year are possible at very short notice. As there will be no further letters regarding these works, please look out for the advanced notices on site, as these will give the most up to date information; see the CCC website, contact our call centre or email as above.

If you have any queries regarding the works please use the above contact details or visit the CCC website for more information on Surface Treatments - www.cambridgeshire.gov.uk/road-surface-treatments

There will obviously be some noise and disruption associated with the work, and I apologise for any inconvenience that you may suffer. Thank you in advance for your co-operation.

Yours faithfully,

A handwritten signature in black ink, appearing to read "M Gowler".

Martin Gowler
Surface Treatment Manager
