This is part of consultation with residents on use of CIL funds. This is now recorded and is clear evidence that BPC is consulting with residents as required by CIL criteria  
The questionnaire is to be published in the Roundabout.

## 7. Open Forum

**A member of the public raised a question regarding information on the membership of working groups and committees on the parish council website. This is work in progress. Another member of the public suggested applying for the Landfill funding, PC noted that this has been tried but due to the criteria being so specific, BPC did not match for the funding for the path.**

**A member of the public raised the issue of traffic and parking around the school. She will contact the PC in writing with concerns and possible actions.**

**In relation to the developments a member of the public raised the matter of surgery capacity which is currently adequate but would not accommodate Mill Rd development.**

Meeting finished at 8.34pm
