

Allotment Update – April 2022

No meeting this month but allotment update is as follows:

- There are currently no vacant plots and 6 people on the waiting list.
- The installation of the fence has now been postponed until August, when the bird nesting period is over.
We received an email from a plot holder regarding biodiversity along the Silver St boundary.
Caroline suggested that we may be able to offer hedging to residents of Silver Street to go some way to replace the rough hedging/brambles etc that, along with the fence that is to be replaced, makes up the boundary at the moment.
- The shelter and bench with a plaque in memory of Stan Studd has been installed in the community area. It has been very well received.
