

Compliance Advisory Group Report December 2020

There has not been a Compliance Advisory Group meeting, but the following work has been undertaken:

Develop a prioritisation and communication approach for CIL

Draft criteria are attached ***these have been revised to reflect the comments made at the last Parish Council meeting.*** Please find attached Policy and Prioritisation Grid. The proposal is that those bidding will need to complete an application form similar to that for donation requests.

BPC will need to agree a communication plan for CIL which involves councillors, VHT, residents. Projects to be prioritised against the agreed CIL criteria.

Initial thoughts are to produce a flier for all households

- outlining achievements of BPC,
- asking for residents' input,
- outlining the CIL proposals
- asking for other ideas
- and/or asking them to prioritise CIL proposals

Proposal to agree the criteria and prioritisation grid for CIL money bids and the communication proposals

Policies

One of the policies we are required to have is a Freedom of Information Policy.

Proposal to approve Freedom of Information Policy and Procedure.
