Mrs Fiona Shirley and Mr Ian Carter from Roundabout Team attended the meeting seeking help to form a new Team as the current team (all volunteers) are retiring in March, the April edition will be their last. BPC asked what help we could provide to keep this valuable communication going. Various suggestions were discussed.

HDC Cllr MH suggested that the magazine could be merged with St Neots paper.

It was agreed that the Team will provide detailed information listing job specification and time required to perform all duties, so that BPC could share that on social media and various groups as people need to understand what is involved.

A resident Mr **David Osman** expressed support to HDC Cllr M Hassall views on Silver Street proposals.

Mrs Helen Duncan explained that she is not objecting to houses being built at Silver Street, but she expressed concerns regarding the possible flooding that may affect her 1860 built cottage which is beside the culvert. The culvert has never flooded apart from 2020 when the water nearly reached the top of the culvert. The lady asked about flood mitigation measures, and how affective those might be and if the developer would be prepared to insure their house during the construction and after? Members of Large-Scale Planning Advisory Group asked for the report to be shared.

BPC met with Morris Homes twice and very specifically asked about flooding and made sure MH are aware of that.

HDC Cllr MH explained that the only power which BPC has is to object then it will go to DMC.
