

Communications Advisory Group

February Update

The Village Hall Trust have agreed to the installation of audio-visual equipment in the Millard Room. They want to proceed with a fixed screen rather than a moveable one. Sue Ashton has kindly volunteered to manage the purchase and installation of the equipment using an external company.

The BPC Facebook page has been reset up. Any updates on the website will automatically be posted to Facebook. We will avoid getting involved with any debate but provide factual update and information. Please 'like' the site to become a friend.

Please remember to amend signatures on your e mails to ask people to sign up to both the web site and Facebook.

Please remember to make the names of documents for update to the Website meaningful to non Councillors.
