

GENERAL PURPOSES ADVISORY GROUP

Report for Parish Council Meeting on 14 July 2020

The Advisory Group have not met this month but this is an update of GP activity

Due to the Covid19 pandemic there has been little activity.

Christmas Lights 2020

An enquiry was raised as to whether the pandemic would affect the putting up and turning on of the Christmas Lights in any way. I have been in touch with Christmas Decorators who fix the lights on behalf of the PC and at the moment there is no indication the PC will be affected in any way.

Children's Play Area

The clerk is consulting with CAPALC as to when it is recommended such play areas should be reopened.

Note: There has been new advice on opening playgrounds. Guidance and Risk Assessment attached.

Cemetery and Churchyard

All the handymen have worked hard keeping these areas looking good and they are to be commended for their efforts.
