INFORMATION ON MARINA CONTRACT

BPC has agreed a contract with the owner of Buckden Marina for the handymen to provide services on the marina site to help keep it neat and tidy.

- This work will be paid for by the site owner at a rate which covers not only the additional hours/wages/overheads of the village handyman but also the associated equipment/consumables and management costs.
- The contract runs from 01July2020 for an initial period of 12 months, after discussion between the Clerk, the handymen and the site owner.
- The pricing set by the Clerk means that there will be a net gain for the Parish Council and improved conditions on the marina site for visitors along the Ouse Valley Way public footpath through the site, and local residents using other marina facilities as well as the owners of the premises on the site (all of whom are contributing to the payments to the Parish Council for this service).

This new contract will not have a detrimental effect on either the services to the village or the finance of BPC.
