

Buckden Parish Council 14 Sept 2021

District Councillors Report

HDC

Over the August period there has little to report, with a recent Overview and Scrutiny meeting cancelled for lack of Agenda items. A range of HDC meetings take place over the next month.

The Valley Refurbishment

The Trustees of the BVHT met on Tuesday 7th Sept, to accept and ratify the contract for the HDC CIL Grant of £450,000 for this project.

BPC members are aware of the concerns about initial cutting of brambles for project estimation work. However, until BVHT Trustees had formally sanctioned this project it was not possible to make any public comment.

The project work will start in the near future. There will be a full communications program to residents, which will be integrated into BPC Green Week. Sue Ashwell has played a most helpful role on helping this project and is fully briefed on all issues.

Hamish Masson

District Councillor
