

Agenda Report for Climate Change Mitigation Advisory Group July/August 2024

Carbon Literacy
Project

This is to certify that via

Save Our Shropshire CIO

Madeline Fraser

has met all the requirements of the Carbon Literacy Standard and thus for the purposes of workplace, education and community should be regarded as Carbon Literate.

signed

Dr. Ali Abbas, Chair, on behalf of The Carbon Literacy Trust.
Registered Charity Number 1156722

date

10th July 2024

certificate no.

00101812/ v2.50

Westford Mill

cooler

Carbon Literacy Certification:

I have gained my Carbon Literacy Certificate which enables me to deliver Carbon Literacy Training to other members of the PC or further afield on payment of a license fee to the Carbon Literacy Project.

The Repair Café

This forms part of my pledge for reducing our local carbon footprint.

Date: 5th October

Time: 1.30-4.30 p.m.

Venue: Buckden Village Hall

Currently we have 7 repairers but are still waiting for September's mailing to go out to those repairers who are registered with Cambridge Carbon Footprint. We need a repairer who is PAT competent. I am hoping that

one of our local volunteers has done the certification as he said he would. I have contacted Brampton Mens' Shed for repair volunteers and had a positive reply which said my mail had been forwarded to their manager but have heard nothing since so will follow up.

The event is also listed on the Restarters Website, a national stage for repair cafes and similar events <https://restarters.net/party/view/11922> and on the Cambridge Carbon Footprint website <https://cambridgecarbonfootprint.org/events/buckden-repair-cafe/>

There is a meeting for volunteers at 7 p.m. Thursday 5th September to agree roles, etc.

The event has been/will be advertised in local village magazines, Huntingdon and St Neots libraries, Godmanchester Community Nursery, posters in the village, Diddington and the Offords.

Online bookings are now live (we have had 2 at the time of writing) either through e-mail to buckdenrepaircafe@gmail.com or by following this link

<https://forms.gle/3NjojicPWCLyMcVQ7>. The event is also advertised under "News" on the PC website and in September's Roundabout.

Help on the day would be much appreciated.

Climate Change Mitigation Advisory Group web page on PC website

This has now been updated to include links to the presentation given at the Parish Assembly and to the Repair Café.
