

Notes from HASTAG 8th July 2024

7.15pm 13 Perry Road (Kindly hosted by Catherine) or via zoom

Attendees: Amy Burbidge **AB** via zoom via zoom, Gerald Sansom **GS**, Catherine Grigg **CG**, Emily Lankfer **EL**.

1. **Apologies:** Caroline Underwood **CU**, Mark Williams **MW**.
2. **Election of Chair** in line with **HASTAG TORs** **AB** proposed **GS** seconded **EL** and **agreed** by those in attendance.

Election of HASTAG Climate Champion **AB** proposed **CG** seconded **EL** and agreed by those in attendance.

HASTAG TORs were discussed and some adjustments made, but will discuss with **CU** when back from leave as to the suggested changes, before finally having it completed before BPC September meeting.

3. **Actions from 29th April 2024**

EL to produce speed watch reports, **EL** needs to still carry this over until January 2025 meeting as needs to collate and speak with **RM** and **RT** to ensure all **MVAS** unit Data is correct.

Bin stickers discussed at the last meeting will check progress with **CU** on her return.

Thanks again to **AB** and **CU** on the **PHFI** bid for dropped kerbs Manor Gardens **CU** had submitted; now waiting for a response from **CCH**.

CU still consulting with school about involving year 6 in any surveys we are carrying out.

4. **CG** to get the **PHFI** bid underway on signs and has been in contact with **CCH** about installing and purchasing the signs required.

CU is in conversation with **RM** about bin sticker purchases.

GS or **CU** will circulate **SAG minutes** to **HASTAG members** after they have been received, next **SAG meeting 22nd July 14.30**

5. **Speed Watch and MVAS units** **CG** future dates to be sent to all volunteers to cover the rest of July, as due to weather and other issues some speed watch sessions had to be cancelled. Also **EL** as mentioned in **actions** is still working on making the data reports more understandable.
6. Ongoing **PHFI** that **CU** sent in to **CCH** so the same as in the **3. Actions**. **EHOI** **AB** had sent in the paperwork, but we have not been able to be included this time **AB** to monitor to see when we can **submit** a further **bid under EHOI**.
7. **Cycleway updates** payment invoices have been received from **CCC/CCH** and checks made by **CU** and **RM** on the amounts, a Invoices for payments have been completed and we received

£5,000 from **Brampton PC** towards this project. (A really well done to all those who supported and worked on this, not forgetting the previous Councillors who set this project underway).

8. **National Highways/SAG updates**

Nothing to report as yet as the next **SAG meeting** is being held via teams on Monday 22nd July 14.30 with **Alan Trille of National Highways**.

9. **Road and Pavement Condition Surveys E.T.C**

GS would make contact with **TFH** to see if he would be still able to assist with this because he had always been a massive help with the pavements in and around Buckden, other group members would assist with others after asking CU for guidance from what has gone before, or if indeed this was still something we would continue to carryout annually?

AOB.

To raise the **Mill Road 50mph** issue again with **KB** which he had been perusing with **CCH** about a **reduction to 40mph**. (As I had not written up **HASTAG** notes from the meeting until after the **full parish meeting** on the 9th July this was asked by a Mill Road resident in open forum and **KB** is trying to set up a meeting with **CCH** in regards to this road getting looked at as some other places a precedent has already been set with an introduction of **40mph** leading to **20mph** before entry and exiting in numerous villages within the **County**. Accidents/Incidents along this road have been cause of worry and complaints.

Date of next meeting 7.15 Monday 7th October 2024
